Michael Johnston
Associate Superintendent

Costco will use Flucelvax Quadrivalent for those patients allergic to egg for the following strains:

- A/Washington/19/2020 (an A/Wisconsin/588/2019 (H1N1)pdm09-like virus)
- A/Tasmania/503/2020 (an A/Cambodia/e0826360/2020 (H3N2)-like virus)
- B/Darwin/7/2019 (a B/Washington/02/2019-like virus)
- B/Singapore/INFTT-16-0610/2016 (a B/Phuket/3073/2013-like virus)

The vaccine will begin to provide protection approximately 1-2 weeks after vaccination and immunity may decrease, on average, after several months.

If you have any questions regarding this year's flu shot clinics please feel free to contact the CUSD Benefits Department at 559-327-9124.

If you are pregnant or have any health concerns regarding whether you or your family members should take the flu shot, please contact your family physician.

Children under 9 years of age will need to be seen by their family physician
