2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

# SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

#### The California School Dashboard (Dashboard)

https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

#### 2022-23 School Overview

#### Principal's Message

The Bud Rank Ravens have established a record of excellence since we first opened our doors in 2007. We welcomed many new faces to the Raven family with student-body enrollment at 735 students for the 2020-2021 school year. The Bud Rank Ravens continued our tradition of excellence with another Clovis Unified School District (CUSD) Clovis Assessment System for Sustained Improvement (CLASSI) Exemplary School Award. We know that the success of Bud Rank Elementary School (BRES) is a tribute to the hard work and dedication of the community, students, and staff. Our theme for the 2020-2021 school year was Ravens Can Virtually Do Anything. It was carried out throughout the year in rallies, KRAV morning announcements, and Parent Teacher Club (PTC) spirit wear. We will continue our efforts to meet district and state standards and work with the school community to gather feedback and implement changes so our students excel in mind, body and spirit.

Bud Rank Elementary students and staff are enthusiastic about being the best we can be to reach our goals. The Ravens earned superior performances in music and pep and cheer. We had huge participation in the Winter Holiday Program and fall play, as well as art and essay contests. Students show pride and character on athletic teams throughout the year. I congratulate our students and staff for their commitment to represent-ing Bud Rank.

School goals for the 2020-2021 school year include the following:

- Bud Rank will be recognized for exemplary achievement based on the results of the Clovis Assessment System for Sustained Improvement (CLASSI).
- The Bud Rank staff will be committed to "Meet Every Student's Academic Needs." Each student will continually improve in language arts, mathematics, science, social science, physical education, and the arts by scoring higher than previous years on state standards as measured by district assessments.
- The Bud Rank staff will transition to the California Common Core State Standards and Assessments and use district benchmarks to guide instruction.

#### 2022-23 School Overview

- The Bud Rank staff will provide a positive learning and work environment for students and staff by promoting character development and education throughout the core curriculum and ensuring safety.
- Bud Rank will operate with increased efficiency and effectiveness to optimize the use of resources to accomplish school goals and increase the student attendance rate.
- Bud Rank will operate in a collaborative system that develops a Professional Learning Community and data teams to reach our goals.

We will continue our efforts to meet district and state standards and work toward creating a school community that supports student learning and developing our students in mind, body, and spirit.

Sincerely,

Ryan Gettman

Principal

#### **School Mission Statement**

Our mission at Bud Rank Elementary School is to provide a safe, nurturing environment with high standards that will empower students with critical-thinking skills and a foundation to be lifelong learners. The Raven staff will lead students through innovative, instructional practices and character development. Through collaboration among grade levels, we will align all programs, services, and activities to provide students the opportunity to succeed in mind, body, and spirit.

#### School Vision Statement

We must become a high-functioning Professional Learning Community (PLC) with a focus on learning using PLC strategies and products to increase student mastery of common essential standards through analysis of student performance on common assessments with a plan in place if students are not proficient.

## A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

### 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Clovis Unified School District sets a high priority upon ensuring there are sufficient textbooks and materials to support the district's instructional program. CUSD Board Policy Number 6161.1 establishes criteria and procedures for the adoption of all textbooks. All K-8 textbooks purchased have been approved by the State Board of Education and adopted by the Clovis Unified Governing Board. Textbooks and instructional materials purchased for grades 9-12 are aligned to the state content standards and adopted by the Clovis Unified Governing Board.

The Department of Supplemental Services continues to support the school sites with funding that allows for the purchase of supplementary instructional material for our students, including English learners in grades K-12. The supplemental material is designed to accelerate pupils as rapidly as possible toward grade-level proficiency in the core subjects of English-language arts, math, social science and science. These supplemental materials are used in addition to the basic reading/language arts and other core materials provided for every student and are correlated to state content standards.

#### **School Facility Conditions and Planned Improvements**

In order to maintain our facilities in top condition, CUSD has utilized the services from a third party to perform the 2020-2021 Williams inspection utilizing the Facilities Inspection Tool (FIT). This will allow CUSD to obtain an objective evaluation of our facilities in order to continue to maintain the safest and best facilities for students and staff.

For all items inspected that were found to not be in "good repair," a work-order has been created and maintenance will be done before the end of the 2020-2021 school year. Maintenance items will be prioritized so that student safety is not compromised.

### **B. Pupil Outcomes**

### **State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### **Statewide Assessments**

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- 4. College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### **Options**

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	73	N/A	65	N/A	47
Mathematics (grades 3-8 and 11)	N/A	64	N/A	49	N/A	33

#### 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

#### 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

#### **B. Pupil Outcomes**

### **State Priority: Other Pupil Outcomes**

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### C. Engagement

### **State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Bud Rank Elementary is fortunate to have the support and involvement of our community in the development and implementation of many new programs and activities for students. We encourage you to get involved and participate at Bud Rank. The Raven RAD (Really Awesome Dad) program is in its third year and continues to be a great success. This year, school volunteers were busy in the classroom, on the playground with students at recess and in the library. Activities that involve parents include the following:

- Classroom volunteers
- Art Docent
- Library volunteer
- School Assessment Review Team (SART)
- Parent-Teacher Club (PTC)
- · Campus Beautification
- PTC Carnival
- Raven RAD program
- Field-trip chaperones
- Multicultural Week
- Red Ribbon Week

#### 2022-23 Opportunities for Parental Involvement

- School Fundraisers
- School Site Council (SSC)
- English Learner Advisory Council (ELAC)
- Intercultural and Diversity Advisory Council (IDAC)

Classroom newsletters, the Raven Reporter and school website keep parents informed of school activities. Additionally, SART Parent Workshops are held quarterly and provide a forum for school personnel and interested parents to meet and discuss items related to the effectiveness of the school's operation. The principal also meets quarterly with the SSC, ELAC and IDAC parents to provide information about school programs and gather input to plan school activities including Multicultural Pride Week, Patriot Week and other events to promote our community diversity. Additionally, the electronic marquee on campus, donated to the school by the PTC, provides weekly updates on school events and activities. All parent volunteers must complete a volunteer application annually and show a photo ID as outlined in the CUSD Board policy.

For further details on how to become involved at Bud Rank Elementary School, please contact Betsy Nagel, Parent Teacher Club president, at (559) 327-4900.

### **State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

### **Suspensions and Expulsions**

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.92	2.63	2.45
Expulsions	0.00	0.04	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

### 2022-23 School Safety Plan

School safety is an important aspect of the Bud Rank Elementary staff's commitment to excellence. Each year we review and update our school safety plan with input from staff, students, parents, and community members. Most recently, the school safety plan was updated in October 2018 after receiving training from the Clovis Police Department. The staff reviews the plan each August during staff meetings before school starts. Teachers are assigned to supervise the school grounds before school, during recess, and after school. Four campus monitors assist the administration in supervising students during the lunch hour. A Parent Club-supported volunteer program in its tenth year called the Big Man on Campus program provided additional supervision during recess. These dads/grandfathers/older brothers wear orange safety vests and participate in morning and lunch recess, adding another adult to help supervise on the playground.

Key elements of the safety plan include monthly safety drills and crisis-intervention plans. An emergency folder, which includes important safety guidelines, has been assembled for each classroom and facility on campus. Monthly safety drills ensure students and staff practice these guidelines in a variety of situations. Staff and student representatives report after each monthly drill and slight changes may be made to the safety procedures. As we add more students each year, the drills provide important feedback to make evacuations and student accounting efforts smooth and quick.

Each semester an assembly is held for each grade level to review behavior expectations and instill pride in doing their best and following the pillars of character. In addition, the Bully-Proofing Your School curriculum was presented at each grade level as a preventative measure in developing a positive school climate. For the 2020-2021 school year, Bud Rank used the Second Step and The Positivity Project program in grades TK-6, adding another layer of student education in getting along with others and other bully-prevention strategies. Bud Rank Elementary, as part of the Clovis North Area (CNA), gives each parent a CNA Student-Parent Handbook and District Student Rights and Responsibilities, which outlines behavior guidelines and consequences including suspensions and expulsions.

#### 2021-22 Types of Services Funded

"Children Are Our Most Precious Resource"

On an annual basis, Clovis Unified School District (CUSD) submits our funding Application through the Consolidated Application and Reporting System commonly called the ConApp. The application is submitted in two (2) parts: Part I, which contains program and demographic information, submitted by June 30th each year; and Part II, which contains budget information and program data submitted by January 31 each year. The categorical programs included in the application are Title I, Part A - Improving Academic Achievement. Title II, Part A - Supporting Effective Instruction and Title III - English Learner (EL), and Immigrant Programs and Title IV, Part A - Student Support and Academic Enrichment. Essentially, these funds are designed to assist students in mastering state standards.

Clovis Unified Schools are committed to establishing a true partnership with all facets of the Clovis Learning Community. CUSD values feedback and input. Parents continue to make positive differences in the lives of the children we all support. We know from research that participation in your child's education will not only bring success to your child but other children in the school. Our parents truly make a difference in the lives of Clovis kids!

CUSD is pleased and proud to offer a variety of parent involvement opportunities that improve our overall program. Depending on the type of categorical funding a site may receive, district or school parent councils and committees are required under certain requirements and guidelines. Such advisory committees in the CUSD include:

School Site Council (SSC)

English Learner Advisory Committee (ELAC)

Parent Advisory Committee (PAC) and School Advisory Committee (SAC)

District English Learner Advisory Committee (DELAC)

District Indian Education Parent Advisory Committee (IPAC)

School and District level School Assessment Review Team (SART)

Intercultural and Diversity Advisory Council (IDAC)

Local Control Accountability Plan Public Forums (LCAP)

We encourage all parents and guardians to become involved with their child's education at the classroom level, the school-wide level, as well as the district level. Each school's School Plan for Student Achievement (SPSA) describes the school's basic educational program and the categorical supplementary programs/services that are designed to support student achievement. Parental involvement is a necessary and vital part of developing the SPSA as well as our overall program. At the district level, parent committees provide input into each of the site's SPSA. If you would like additional information on any of the District Parent Councils or Committees, please call your child's school. The Principal, Learning Director, or Guidance Instructional Specialist (GIS) would be happy to assist you.

Listed below are several parent committees that assist with categorical programs and funding.

#### 2021-22 Types of Services Funded

School Site Council (SSC): All schools that operate a categorical program funded through the consolidated application (ConApp) shall establish a school site council (SSC). The SSC shall develop the content of the SPSA. The SPSA shall be reviewed annually and updated, including proposed expenditure of funds allocated to the school through the ConApp and the local control and accountability plan (LCAP), if any, by the SSC. The SSC is composed of parents, students at the secondary level and school personnel. It is responsible for developing, implementing and evaluating the School Plan for Student Achievement programs. Members serve for two years and are elected by their peers.

Parent Advisory Committee (PAC) & School Advisory Committee (SAC): The entirety of the SSC acts as the SAC. The SAC serves as an advisory committee for the purpose of advising schools regarding supplemental education programs and acting as a liaison for their school community. They serve to share information and comments both at the district and site level. These education programs are supplemental education opportunities that provide services to students who are disadvantaged, English learners, foster youth and/or at-risk. The SSC has approved to designate our SSC pursuant to California Education Code (EC) Section 52852 to function as the School Advisory Committee.

English Learner Advisory Committee (ELAC): All schools enrolling 21 or more English learners are required to form an ELAC. The ELAC is composed of parents and school personnel. The ELAC advises the principal, staff and SSC regarding services for English learners and assists in the development of the annual survey. Members serve for two years. Each ELAC shall have the opportunity to elect at least one member to the District English Learner Advisory Committee (DELAC).

District English Learner Advisory Committee (DELAC): Whenever there are 51 or more EL students in the district, there shall be a functioning District English Learner Advisory Committee (DELAC). It is important that each school site ELAC elect a DELAC representative and arrange to have that representative attend every DELAC meeting. Currently the DELAC bylaws require each DELAC representative to be 1) a parent/guardian of an EL or former EL (i.e., a reclassified fluent English proficient student) currently enrolled at the site he/she represents, and 2) elected to serve as the DELAC representative by the site's ELAC.

District Indian Education Parent Advisory Committee (IPAC): The CUSD Native American Indian Education Parent Advisory Committee meets four times a year to discuss program issues, services provided, and other needs related to the student achievement of our students, community agencies and outreach programs. CUSD Indian Education Program addresses the needs of American Indian and Alaskan Native students in grades K - 12. The program assists eligible students to achieve at the same challenging state performance standards expected of all students in grades pre-K -12.

Local Control Accountability Plan (LCAP) Forums: CUSD develops an LCAP annually that works to better align the academic plan with the district expenditure plan that is approved by our CUSD Governing Board each June. Parents and other stakeholder groups are invited to participate in the development of the LCAP through participation of school and district committee meetings and community forums. LCAP School, District Meetings and Community Forums are exciting opportunities for all stakeholders and school committees to engage with the District and share their ideas on how CUSD can provide quality opportunities and support for CUSD youth and schools. Community participation and feedback in the forums will inform the District's LCAP's funding priorities over the next several years.

These forums are designed to provide an opportunity for school communities to hear about CUSD's current efforts to support youth and families and to provide input and feedback on future plans and opportunities. Sites also have an opportunity to work together in teams to share new ideas to support identified groups and to plan for site engagement and implementation.

The following is an overview of the categorical funding and programs in CUSD. These funds are further discussed and outlined in each school's SPSA and at the committee meetings.

#### Rationale

General District funds provide support for the District's base/core curriculum program. Some children have special characteristics, not reflective of the general school population, that affect their success in the base/core programs. Some come from economically disadvantaged homes; some are educationally disadvantaged or lack English language proficiency because they have a primary language other than English. Children, such as those described above, require supplemental services and materials not generally provided through the base/core curriculum program. The needs of our children are identified, and supplemental services and materials are planned and targeted to meet their special needs. Categorical funds are to be used to provide the financial support to meet these special needs.

#### Philosophy

All CUSD schools offer students with special needs the same kinds of high-quality learning opportunities and access to the core curriculum in all curricular areas. Categorical funds are designed to support additional assistance to help students succeed in the regular classroom program (base/core curriculum) and address any learning gaps. The focus is on the effective utilization of supplementary materials, personnel, and staff development. Staff development activities are used to improve instructional practices and strategies to increase the ability of teachers and other staff to challenge and assist all students to reach their fullest potential.

#### 2021-22 Types of Services Funded

Categorical Program Descriptions

- 1. After School Safety and Education Funds (ASES): This state-administered funded program is a result of the voter approved Proposition 49; provides three-year grant funding for afterschool programs that align with the core instructional day and have the following components: educational and literacy element (tutoring/ homework assistance); educational enrichment element (Additional program/activities that reinforce what is learned in the core instructional day); and provide a nutritious snack or meal that conforms to California State Education Code requirements. The purpose of the ASES Program is to create additional educational and recreational opportunities for students within the learning community while providing a safe environment for students. The goals of this program are to: 1) improve academic achievement, and 2) provide enrichment opportunities that reinforce and complement the academic program.
- 2. Title I, Part A (Improving Academic Achievement): A federal-funded program to provide high-quality opportunities for students in high-poverty schools to meet district and state content and performance standards.
- 3. Title I, Part A, Title X, Part C, Education for Homeless Children and Youths: Title I, Part A funds provide comparable services to homeless children that assist them to effectively take advantage of educational opportunities as provided to children in schools funded under Title I, Part A. These comparable services shall be provided to homeless children in public and private schools, shelters and other locations where children may live, institutions for neglected children and, where appropriate, local institutions such as local community day school programs.
- 4. Title II, Part A (Preparing, Training and Recruiting High Quality Teachers and Principals): A federal-funded program focused on teacher and principal training and recruitment programs.
- 5. Title III (Language Instruction for English Learners (ELs) and Immigrants): A federal-funded program focused on assisting school districts in teaching English to limited English proficient students (English learners) and immigrants and helping these students meet the same challenging State standards required of all other students.
- 6. Title VI (Indian Education Formula Grant): A federal-funded program focused on helping Native American/Alaskan Native students meet the same challenging state standards required of all other students.

The goal of the CUSD staff is to create and maintain the best educational environment possible. This can be accomplished with your support and input. If you have any questions, concerns, or would like to become more involved in the educational process at your school, please contact your school principal. Your school can assist you in learning more about categorical programs. You may want to become involved in your school's School Site Council (SSC), English Learner Advisory Committee (ELAC) and/or attend the Annual Title I Parent Meeting. During the fall, each school will send you additional information about these activities. At the district level, we encourage you to become involved with our DELAC. We encourage and look forward to your involvement in the programs we offer our learning community. If you have any questions, please call your child's school.

#### **Professional Development**

An effective process for staff development is planned and implemented by teachers and administrators on an annual basis. Bud Rank staff members keep abreast of new teaching strategies and technology through release time for a variety of conferences, staff and grade-level meetings, and in-service experiences. Early student dismissal each Wednesday also provides teachers an additional 90 minutes weekly. Three staff-development days are provided each year. Staff-development opportunities have been focused on the fol- lowing areas:

- Professional Learning Community (PLC) process
- Universal Screenings and Progress Monitoring Program
- California Common Core State Standards and assessments
- First Time Best Instruction
- Response to Intervention (RtI)

Previous topics from the last three years include the following:

- Diagnosing individual student needs
- Bullying curriculum
- Reading comprehension
- Team building

Topics for staff development are developed from the yearly needs assessment completed by all teachers. Teachers are supported during implementation through grade-level meetings, principal walk-through observations, formal observations, individual post-conferences with the principal and monthly staff meetings. Almost all staff members have attended a two-day conference from Becky and Rick DuFour on PLCs, with only the new staff added to BRES not having attended. The school revised its Response to Intervention program using strategies acquired from a conference in Sacramento, and the BRES staff continues to focus on what we do when students don't learn. Additionally, during the 2018-19 school year, staff members attended a variety of workshops to learn about the new California Common Core State Standards. Grade-level representatives brought back key concepts, which were shared with the entire staff.

Teachers meet with the principal twice a year to review student-performance data and develop plans to provide continuous improvement for all students. Each plan is reviewed with the principal individually and in grade-level meetings to discuss training, materials or instructional strategies to increase student mastery. The principal also supports the ongoing process to analyze data as part of the PLC process using sub days and coordinating music and PE schedules to provide weekly collaboration time for each team. The school's Intervention and Enrichment Schedule provides an additional credentialed teacher for 30 minutes each day, four days a week, at each grade level. They focus instruction in a deployment model where students who have not learned are grouped together to receive additional, targeted instruction. Students who have learned the priority concept participate in enrichment activities focused on problem solving and application of the concept. The district focused all professional development activities around five identified needs: first time best instruction, mastery learning, multitiered system of supports, implementation of the Common Core State and NGSS Standards, and culturally relevant understanding. The district focused all professional development activities around five identified needs: first time best instruction, mastery learning, multi-tiered system of supports, implementation of the California Content Standards and NGSS Standards, and cultural relevant understanding. In the 2018-19 school year, the district dedicated five professional development days for certificated staff. Teachers were offered professional development opportunities on staff development days, substitute release days, and on early release days. A variety of after-school workshops were also offered throughout the school year. One hundred mentors and one hundred and thirty-five participating teachers received ongoing professional development and classroom coaching through the CUSD Induction program. In addition, all certificated teachers participated in site-based training and district sponsored training that included: curriculum training, utilization of AVID strategies, Visible Learning, multi-tiered systems of support, and culturally relevant instructional practices.

This table displays the number of school days dedicated to staff development and continuous improvement.
