2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

The mission of Kastner Intermediate School is to provide a safe, nurturing learning environment that promotes the values of Positivity Project Character Strengths, recognizes diversity, promotes respect and encourages students to strive for excellence.

Kastner's school motto for 2022-2023 is "Greatness Built Here" which is intended to inspire students and staff to continue to press onward toward our goal in the areas of academics, co-curricular activities, and social emotional well-being.

Kastner first opened its doors in 1980 under the leadership of Dr. James Fugman. Kastner has a longstanding tradition of success and is known for providing a quality education for seventh and eighth grade students. We strive for continuous improvement in the areas of academics, athletics, performing arts and character education as we prepare students for their four years at Clovis West High School.

As we continue to excel in every facet of our school, we are pleased to announce that Kastner has been recognized with Clovis Unified's CLASSI Award and Civic Learning Award for Character Education. Additionally, Kastner was recognized in 2008, 2011, 2014, 2016, 2019, and once again 2022-2023 school year as a National School to Watch. We are so proud of our academic accomplishments and the work of our dedicated students and staff. Our goals for the 2022-2023 school year remain consistent—academic excellence, athletic supremacy, a safe environment and a technology-rich learning environment. I know we will continue to perform well in all areas. As principal, I extend an invitation to our parent community to become involved in their child's education. As a staff, we recognize the importance of a parent, student and teacher partnership, and your involvement is crucial. Involvement can be achieved in two ways: communication and participation.

Communication opportunities:

- Talk with your student about school
- Have regular contact with your student's teacher (notes, telephone, email, text alerts)
- Research your student's academic performance (Parent Connect)
- Visit our campus

Participation opportunities:

- Participate in school wide councils
- Participate in the Parent Teacher Club (PTC) organization or Parent Task Force

2022-23 School Overview

- Volunteer to support the school and its programs

Speaking for the entire staff, we look forward to working with you and your student throughout the school year. Should you have any questions or need any assistance, please feel free to contact your student's Counselor, Learning Director or me.

Sincerely,

May Moua
Principal

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Clovis Unified School District sets a high priority upon ensuring there are sufficient textbooks and materials to support the district's instructional program. CUSD Board Policy Number 6161.1 establishes criteria and procedures for the adoption of all textbooks. All K-8 textbooks purchased have been approved by the State Board of Education and adopted by the Clovis Unified Governing Board. Textbooks and instructional materials purchased for grades 9-12 are aligned to the state content standards and adopted by the Clovis Unified Governing Board.

The Department of Supplemental Services continues to support the school sites with funding that allows for the purchase of supplementary instructional material for our students, including English learners in grades K-12. The supplemental material is designed to accelerate pupils as rapidly as possible toward grade-level proficiency in the core subjects of English-language arts, math, social science and science. These supplemental materials are used in addition to the basic reading/language arts and other core materials provided for every student and are correlated to state content standards.

School Facility Conditions and Planned Improvements

In order to maintain our facilities in top condition, CUSD has utilized the services from a third party to perform the 2022-2023 Williams inspection utilizing the Facilities Inspection Tool (FIT). This will allow CUSD to obtain an objective evaluation of our facilities in order to continue to maintain the safest and best facilities for students and staff. For all items inspected that were found to not be in "good repair," a work-order has been created and maintenance will be done before the end of the 2022-2023 school year. Maintenance items will be prioritized so that student safety is not compromised.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	70	N/A	65	N/A	47
Mathematics (grades 3-8 and 11)	N/A	41	N/A	49	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Kastner enjoys the benefits of a very supportive community and provides a variety of options for parents who want to be involved. The district School Assessment Review Team (SART) program allows for parent input and supports both the district and school. The Kastner SART committee meets quarterly and provides parents with the opportunity to review school policies, procedures and student achievement. The Intercultural and Diversity Advisory Council (IDAC) meets quarterly to facilitate equal opportunity for all students and to recognize the uniqueness of each of our students. The Parent Teacher Club (PTC) meets monthly and supports the school and its activities. The Parent Task Force meets quarterly to discuss opportunities to promote and celebrate diversity at Kastner. Parents on the School Site Council (SSC) and the English Learner Advisory Committee (ELAC) review programs supported by categorical funds.

For further details on how to volunteer your time at Kastner, please contact Principal May Moua at (559) 327-2500.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	4.01	2.63	2.45
Expulsions	0.00	0.04	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

Kastner provides a safe, clean learning environment that promotes school pride. The Kastner staff, in conjunction with parents and the community, updates the school safety plan and School Crisis Intervention Plan annually. Both plans are available to all parents upon request. Most recently, we updated the school safety plan in August 2022. These plans outline the steps to be taken in the event of a variety of emergencies such as school alerts, school lockdowns, emergency situations (duck and cover) and power outages. Emergency drills are held each month during the school year. To further maintain a safe and orderly school environment, a full-time police officer is assigned to patrol the campus on a daily basis. If you should have any questions regarding our emergency procedures, please call the school office.

2019-20 Secondary Average Class Size and Class Size Distribution

This table displays the 2019-20 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students

2021-22 Types of Services Funded

“Children Are Our Most Precious Resource”

On an annual basis, Clovis Unified School District (CUSD) submits our funding Application through the Consolidated Application and Reporting System commonly called the ConApp. The application is submitted in two (2) parts: Part I, which contains program and demographic information, submitted by June 30th each year; and Part II, which contains budget information and program data submitted by January 31 each year. The categorical programs included in the application are Title I, Part A - Improving Academic Achievement. Title II, Part A - Supporting Effective Instruction and Title III - English Learner (EL), and Immigrant Programs and Title IV, Part A - Student Support and Academic Enrichment. Essentially, these funds are designed to assist students in mastering state standards.

Clovis Unified Schools are committed to establishing a true partnership with all facets of the Clovis Learning Community. CUSD values feedback and input. Parents continue to make positive differences in the lives of the children we all support. We know from research that participation in your child’s education will not only bring success to your child but other children in the school. Our parents truly make a difference in the lives of Clovis kids!

CUSD is pleased and proud to offer a variety of parent involvement opportunities that improve our overall program. Depending on the type of categorical funding a site may receive, district or school parent councils and committees are required under certain requirements and guidelines. Such advisory committees in the CUSD include:

- School Site Council (SSC)
- English Learner Advisory Committee (ELAC)
- Parent Advisory Committee (PAC) and School Advisory Committee (SAC)
- District English Learner Advisory Committee (DELAC)
- District Indian Education Parent Advisory Committee (IPAC)
- School and District level School Assessment Review Team (SART)
- Intercultural and Diversity Advisory Council (IDAC)
- Local Control Accountability Plan Public Forums (LCAP)

We encourage all parents and guardians to become involved with their child’s education at the classroom level, the school-wide level, as well as the district level. Each school’s School Plan for Student Achievement (SPSA) describes the school’s basic educational program and the categorical supplementary programs/services that are designed to support student achievement. Parental involvement is a necessary and vital part of developing the SPSA as well as our overall program. At the district level, parent committees provide input into each of the site’s SPSA. If you would like additional information on any of the District Parent Councils or Committees, please call your child’s school. The Principal, Learning Director, or Guidance Instructional Specialist (GIS) would be happy to assist you.

Listed below are several parent committees that assist with categorical programs and funding.

2021-22 Types of Services Funded

School Site Council (SSC): All schools that operate a categorical program funded through the consolidated application (ConApp) shall establish a school site council (SSC). The SSC shall develop the content of the SPSA. The SPSA shall be reviewed annually and updated, including proposed expenditure of funds allocated to the school through the ConApp and the local control and accountability plan (LCAP), if any, by the SSC. The SSC is composed of parents, students at the secondary level and school personnel. It is responsible for developing, implementing and evaluating the School Plan for Student Achievement programs. Members serve for two years and are elected by their peers.

Parent Advisory Committee (PAC) & School Advisory Committee (SAC): The entirety of the SSC acts as the SAC. The SAC serves as an advisory committee for the purpose of advising schools regarding supplemental education programs and acting as a liaison for their school community. They serve to share information and comments both at the district and site level. These education programs are supplemental education opportunities that provide services to students who are disadvantaged, English learners, foster youth and/or at-risk. The SSC has approved to designate our SSC pursuant to California Education Code (EC) Section 52852 to function as the School Advisory Committee.

English Learner Advisory Committee (ELAC): All schools enrolling 21 or more English learners are required to form an ELAC. The ELAC is composed of parents and school personnel. The ELAC advises the principal, staff and SSC regarding services for English learners and assists in the development of the annual survey. Members serve for two years. Each ELAC shall have the opportunity to elect at least one member to the District English Learner Advisory Committee (DELAC).

District English Learner Advisory Committee (DELAC): Whenever there are 51 or more EL students in the district, there shall be a functioning District English Learner Advisory Committee (DELAC). It is important that each school site ELAC elect a DELAC representative and arrange to have that representative attend every DELAC meeting. Currently the DELAC bylaws require each DELAC representative to be 1) a parent/guardian of an EL or former EL (i.e., a reclassified fluent English proficient student) currently enrolled at the site he/she represents, and 2) elected to serve as the DELAC representative by the site's ELAC.

District Indian Education Parent Advisory Committee (IPAC): The CUSD Native American Indian Education Parent Advisory Committee meets four times a year to discuss program issues, services provided, and other needs related to the student achievement of our students, community agencies and outreach programs. CUSD Indian Education Program addresses the needs of American Indian and Alaskan Native students in grades K - 12. The program assists eligible students to achieve at the same challenging state performance standards expected of all students in grades pre-K -12.

Local Control Accountability Plan (LCAP) Forums: CUSD develops an LCAP annually that works to better align the academic plan with the district expenditure plan that is approved by our CUSD Governing Board each June. Parents and other stakeholder groups are invited to participate in the development of the LCAP through participation of school and district committee meetings and community forums. LCAP School, District Meetings and Community Forums are exciting opportunities for all stakeholders and school committees to engage with the District and share their ideas on how CUSD can provide quality opportunities and support for CUSD youth and schools. Community participation and feedback in the forums will inform the District's LCAP's funding priorities over the next several years.

These forums are designed to provide an opportunity for school communities to hear about CUSD's current efforts to support youth and families and to provide input and feedback on future plans and opportunities. Sites also have an opportunity to work together in teams to share new ideas to support identified groups and to plan for site engagement and implementation.

The following is an overview of the categorical funding and programs in CUSD. These funds are further discussed and outlined in each school's SPSA and at the committee meetings.

Rationale

General District funds provide support for the District's base/core curriculum program. Some children have special characteristics, not reflective of the general school population, that affect their success in the base/core programs. Some come from economically disadvantaged homes; some are educationally disadvantaged or lack English language proficiency because they have a primary language other than English. Children, such as those described above, require supplemental services and materials not generally provided through the base/core curriculum program. The needs of our children are identified, and supplemental services and materials are planned and targeted to meet their special needs. Categorical funds are to be used to provide the financial support to meet these special needs.

Philosophy

All CUSD schools offer students with special needs the same kinds of high-quality learning opportunities and access to the core curriculum in all curricular areas. Categorical funds are designed to support additional assistance to help students succeed in the regular classroom program (base/core curriculum) and address any learning gaps. The focus is on the effective utilization of supplementary materials, personnel, and staff development. Staff development activities are used to improve instructional practices and strategies to increase the ability of teachers and other staff to challenge and assist all students to reach their fullest potential.

Categorical Program Descriptions

1. After School Safety and Education Funds (ASES): This state-administered funded program is a result of the voter approved Proposition 49; provides three-year grant funding for afterschool programs that align with the core instructional day and have the following components: educational and literacy element (tutoring/ homework assistance); educational enrichment element (Additional program/activities that reinforce what is learned in the core instructional day); and provide a nutritious snack or meal that conforms to California State Education Code requirements. The purpose of the ASES Program is to create additional educational and recreational opportunities for students within the learning community while providing a safe environment for students. The goals of this program are to: 1) improve academic achievement, and 2) provide enrichment opportunities that reinforce and complement the academic program.
2. Title I, Part A (Improving Academic Achievement): A federal-funded program to provide high-quality opportunities for students in high-poverty schools to meet district and state content and performance standards.
3. Title I, Part A, Title X, Part C, Education for Homeless Children and Youths: Title I, Part A funds provide comparable services to homeless children that assist them to effectively take advantage of educational opportunities as provided to children in schools funded under Title I, Part A. These comparable services shall be provided to homeless children in public and private schools, shelters and other locations where children may live, institutions for neglected children and, where appropriate, local institutions such as local community day school programs.
4. Title II, Part A (Preparing, Training and Recruiting High Quality Teachers and Principals): A federal-funded program focused on teacher and principal training and recruitment programs.
5. Title III (Language Instruction for English Learners (ELs) and Immigrants): A federal-funded program focused on assisting school districts in teaching English to limited English proficient students (English learners) and immigrants and helping these students meet the same challenging State standards required of all other students.
6. Title VI (Indian Education Formula Grant): A federal-funded program focused on helping Native American/Alaskan Native students meet the same challenging state standards required of all other students.

The goal of the CUSD staff is to create and maintain the best educational environment possible. This can be accomplished with your support and input. If you have any questions, concerns, or would like to become more involved in the educational process at your school, please contact your school principal. Your school can assist you in learning more about categorical programs. You may want to become involved in your school's School Site Council (SSC), English Learner Advisory Committee (ELAC) and/or attend the Annual Title I Parent Meeting. During the fall, each school will send you additional information about these activities. At the district level, we encourage you to become involved with our DELAC. We encourage and look forward to your involvement in the programs we offer our learning community. If you have any questions, please call your child's school. Professional Development

An effective process for staff development and curriculum improvement is planned and implemented by teachers, department chairs and administrators. During the past school year, advanced training was provided to teachers in the following:

- Reading and writing instruction
- The use of technology in the classroom
- Successful classroom instructional strategies (AVID)
- Student support services
- Student Engagement Strategies (Kagan Student Engagement Structures)
- Drug awareness

Additionally, ongoing staff-development activities in multicultural awareness and computer literacy keep our staff responsive to the changing needs of all students. All of our teachers have completed the district computer-certification program.

The district focused all professional development activities around five identified needs: first time best instruction, mastery learning, multi-tiered system of supports, implementation of the California Content Standards and NGSS Standards, and cultural relevant understanding.

In the 2022-23 school year, the district dedicated five professional development days for certificated staff. Teachers were offered professional development opportunities on staff development days, substitute release days, and on early release days. A variety of after-school workshops were also offered throughout the school year.

One hundred mentors and one hundred and thirty-five participating teachers received ongoing professional development and classroom coaching through the CUSD Induction program. In addition, all certificated teachers participated in site-based training and district sponsored training that included: curriculum training, utilization of AVID strategies, multi-tiered systems of support, and culturally relevant instructional practices.

This table displays the number of school days dedicated to staff development and continuous improvement.
