Fresno, CA 93775

Re: Elementary School Waiver Application

Dear Mr. Pomaville and Dr. Vohra:

The COVID-19 pandemic has dramatically changed the manner in which we educate our children. Since mid-March 2020, our children have not been able to be on our schools and our teachers have had to teach using alternative instructional methods. Our Governing Board, administrative team, teachers, and staff have been planning and preparing for when our children are able to return to classroom instruction.

We understand that the data relating to COVID-19 for Fresno County has reached the point where your office is able to consider applications to allow in-person instruction in our elementary schools for those students who wish to attend class in-person. We look forward to returning our students to class with protective measures that comply with state and local mandates and guidelines while at the same time provide an option for those students who wish to remain on distance learning.

In accordance with your letter of September 16, 2020, Clovis Unified School District hereby submits its application for elementary school in-person instruction for your consideration and approval. The application addresses the required elements set forth in your September 16 letter and reflects applicable guidance from the California Department of Public Health and the Fresno County Department of Public Health.

Thank you for your consideration of the waiver application and we look forward to continuing to work with you to bring back our children, teachers, and staff to school safely. Please contact me if you have any questions.

Sincerely,

A handwritten signature in blue ink that reads "Eimear".

Eimear O'Farrell, Ed.D.

WAIVER APPLICATION COVER FORM

Waiver Application Cover Form
(for use by a Local Education Agency or equivalent)

Please submit one application for each local educational agency or equivalent. If applying on behalf of a school district, please submit one application for elementary schools in the district that are seeking to reopen for in-person instruction. If applying for an independent, private, faith-based, or charter school, please submit an application for each school.

Background Information

Name of Applicant (Local Educational Agency, School or Equivalent):

Clovis Unified School District

School Type (please check one):

Traditional Public School

Charter School

Private, Independent, or Faith-Based School

Number of schools: EXH 1 Enrollment (# of students): EXH 1

(If applying for multiple schools, please attach a list of schools with the enrollment for each school.)

Superintendent (or equivalent)

Name: Eimear O'Farrell, Ed.D.

Address: 1450 Herndon Ave.

Clovis, CA 93611

Grades/Number of Students Proposed to be Reopened: See Exhibit 1

TK K 1st 2nd 3rd 4th 5th 6th

Date of Proposed Reopening: Commencing 11/03/2020

Name of Person Completing Application: Eimear O'Farrell, Ed.D.

Phone Number: (559) 327-9000

Email: EimearOFarrell @cusd.com

Signature: 

Date: 10/2/2020

I. Consultation

Please confirm consultation with the following groups:

Labor Organization

Name of Organization(s) and Date(s) Consulted:

Parent and Community Organizations

Name of Organization(s) and Date(s) Consulted:

If no labor organization represents staff at the school, please describe the process for consultation with school staff:

II. Elementary School Reopening Plans

Please check boxes below to confirm that elementary school reopening plan(s) addressing the following, consistent with guidance from the CDPH and the Fresno County Department of Public Health (FCDPH), have been published on the website of the local educational agency (or equivalent).

BEFORE SCHOOL REOPENING: Communicate with parents, teachers and staff discussing your safety plans, and what to expect in cases of a suspected or conformed COVID case or outbreak at the facility.

Cleaning and Disinfection: How shared surfaces will be regularly cleaned and disinfected and how use of shared items will be minimized.

Clear Rules on Classroom Instruction: How class size will remain small and how each student group will remain stable. How will the school ensure that classes minimize/avoid contact with other groups or individuals who are not part of that class. Instructors may lead multiple classes per day (for example, both AM and PM sessions).

NOTE: Guidance on cohorts for distance learning is separate from this waiver, which covers in-person instruction.

Entrance, Egress, and Movement Within the School: How movement of students, staff, and parents will be managed to avoid close contact and/or mixing of cohorts.

- Face Coverings and Other Essential Protective Gear:** How CDPH’s face covering requirements will be satisfied and enforced. The requirement is for all adults, students grades 3 and up, and strongly recommended for students grade 2 and younger, except those with a medical condition (described in the CDPH guidance).
- Health Screenings for Students and Staff:** How students and staff will be screened for symptoms of COVID-19 including temperatures and how ill students or staff will be separated from others and sent home immediately.
- Healthy Hygiene Practices:** The availability of handwashing stations and hand sanitizer, and how their use will be promoted and incorporated into routines.
- Identification and Tracing of Contacts:** Actions that staff will take when there is a confirmed case. Confirm that the school(s) have designated staff persons to support contact tracing, such as creation and submission of lists of exposed students and staff to the local health department and notification of exposed persons. Each school must designate a person for the local health department to contact about COVID-19. A single person may be the designee for multiple schools.
- Physical Distancing:** How space and routines will be arranged to allow for physical distancing of six feet or more for students and staff.
- Staff Training and Family Education:** How staff will be trained, and families will be educated on the application and enforcement of the plan.
- Testing of Students and Staff:** How school officials will ensure that students and staff who have symptoms of COVID-19 or have been exposed to someone with COVID-19 will be rapidly tested, and what instructions they will be given while waiting for test results. May refer to FCDPH School Scenarios for guidance.
- Triggers for Switching to Distance Learning:** The criteria the superintendent will use to determine when to physically close the school and prohibit in-person instruction. May refer to FCDPH School Scenarios for guidance.
- Communication Plans AFTER COVID case occurs:** How the superintendent will communicate with students, staff, and parents about cases and exposures at the school, consistent with privacy requirements such as FERPA and HIPAA. May refer to FCDPH School Scenarios for guidance.

ELEMENTARY SCHOOL REOPENING PLAN

ELEMENTARY SCHOOL REOPENING PLAN

A. INTRODUCTION

The Clovis Unified School District (District) staff and students are pleased to submit a waiver for elementary in-person instruction under the guidelines provided by the Fresno County Department of Public Health (FCDPH). Elementary-aged students are at risk of missing out on critical building blocks in their education without finding a healthy path back to in-person instruction. It is for this reason that the District, in consultation with the FCDPH, the local medical community, parents, students and staff, has developed a healthy reopening plan that balances the need for in-person learning with health and safety protocols and practices that can mitigate the spread of COVID-19.

Since March, the District has been engaged in a whole-system effort to support our students. This first focused on transitioning to a distance learning model, and since August 17, 2020 has focused on delivering quality instruction in an online model. At the same time, we have worked closely with employee groups and parents, and been in regular communication with Dr. Vohra, David Luchini, David Pomaville and Dr. Zweifler from FCDPH, to develop a practical plan that implements an instructional model that maintains physical distancing of students on campus, entrance and exit points to reduce student-to-student contact, face coverings, daily temperature checks, health screenings, contact tracing, regular sanitizing of school spaces, and other mechanisms to reduce the potential spread of COVID-19.

The reopening plan was developed using input and feedback collected in District, area and school site meetings with parents and staff, surveys, employee and parent forums with members of the medical community, meetings with the District's employee groups Faculty Senate (teachers), CSEA (operations unit) and Classified Unit Business Support Senate (CUBSS), and multiple public meetings at which the Governing Board received updates and discussed plans for on-site instruction. From May to July 2020, a task force of close to 100 employees from all sectors of the District worked to process and develop a return to campus plan, which forms the basis for the plan presented here.

Information about this process and opportunities for feedback were also shared with the District's community by email, text, push notifications in the District's app, websites, social media channels (including Facebook, Instagram and Twitter), video blogs, CUSD Today mailed into every staff and parent household, and local media.

Because of the District's careful planning and preparation, District office and site office staff have been back to work in person since June 22, 2020 and teachers (with a remote work option) have been on school campuses providing online instruction since August 10, 2020. Since that time, health and safety measures have been in place and will be expanded to accommodate students for in-person instruction.

B. REQUIRED ELEMENTS

1. **CLEANING AND DISINFECTION:** How shared surfaces will be regularly cleaned and disinfected and how use of shared items will be minimized.

Cleaning and disinfecting of surfaces and shared items will be implemented, including the following:

- Schools will be cleaned four times a day using a disinfectant approved by the EPA that kills COVID-19.
- High-use surfaces will be sprayed and wiped down at regular intervals by custodians, and classrooms and offices will be fogged with a deep disinfectant treatment each evening.
- Teachers will be provided hand sanitizer and disinfectant for their classrooms. Anyone entering a classroom will be required to sanitize his or her hands. Any shared classroom surfaces that students use will be disinfected by the teacher as needed.
- Each student will have their own designated space in the classroom and will have their own materials and supplies to use throughout the day.
- Any shared supplies will be sanitized between use.
- Shared facilities will be cleaned and sanitized regularly throughout the day. More information is in the District's Healthy Return to Campus Plan, a copy of which is attached as [Exhibit 3](#).

2. **CLEAR RULES ON CLASSROOM INSTRUCTION:** How class size will remain small and how each student group will remain stable. How will the school ensure that classes minimize/avoid contact with other groups or individuals who are not part of that class. Instructors may lead multiple classes per day (for example, both AM and PM sessions).

Classroom instruction and arrangement will include the following:

- Students will be spaced a minimum of 6 feet apart, resulting in small class sizes in stable cohorts.
- Students will return to school on a modified schedule, either in an am/pm or alternating day schedule.
- Class sizes will be based on the capacity of the room.
- Each student will have his/her own designated space in the classroom and will have his/her own materials and supplies to use throughout the day.
- Seating charts will be in place to minimize contact with other students.
- Any shared supplies will be sanitized between use.

- An online instructional model will be maintained which will provide options for students.
- No visitors or parent helpers will be allowed in the classroom.

3. ENTRANCE, EGRESS, AND MOVEMENT WITHIN THE SCHOOL: How movement of students, staff, and parents will be managed to avoid close contact and/or mixing of cohorts.

Campus Logistics

Measures are in place to manage movement of students, staff, and parents and avoid close contact and/or mixing of cohorts, including the following:

- Safety and social distance signage and daily health screening reminders will be posted in all buildings and at all entrances.
- Directional flow designations for entry and exits in all buildings, including classrooms, school libraries, etc.
- Six-foot distance markers will be placed at main entrances and other areas where lines may form outside and inside of buildings.
- Students will be assigned entrance points on campus for daily health screenings and egress locations for the end of day.
- Students will have assigned restrooms.
- All playground equipment will remain closed until further notice.
- Social distancing will be required in common areas such as amphitheaters and quad areas.
- Staff utilizes and models appropriate designated routes with their own movement on campus.

Please refer to photographs of sample classroom setups and signages that are attached as Exhibit 4.

Visitor and Substitute Protocol for Arrival at District Site

To minimize the amount of exposure among staff and students, procedures are in place for arrival of visitors and substitutes to District sites, including the following:

- Volunteers in classrooms will not be allowed at this time.
- All visitors must enter the main building entrance when visiting a District school site.
- Visitors are highly encouraged to schedule appointments in advance of arrival; walk-in visitors will be seen based on availability and at the discretion of the school.

- All visitors and substitutes will be expected to self-certify their health status before entering a school campus. All visitors must wear a face covering when entering and moving about District facilities.
- Before entering any District building or school site, visitors will be expected to answer the health questions posted at main entrances.
- The front reception will contact the District staff prior to allowing visitors to enter a work area.

4. **FACE COVERINGS AND OTHER ESSENTIAL PROTECTIVE GEAR:** How CDPH's face covering requirements will be satisfied and enforced. The requirement is for all adults, student grades 3 and up, and strongly recommended for students grade 2 and younger, except those with a medical condition (described in the CDPH guidance).

Measures that are already in place for staff and will be in place for students to require and enforce face coverings include the following:

- Face coverings will be required to be worn by all students and staff as indicated by recommendations from the Center for Disease Control and the California Department of Public Health. Face coverings must be worn while waiting to enter the school campus, while on school grounds (except when eating or drinking), while leaving school, and while on a school bus. Any student who is not able to or refuses to comply with face covering requirements will be placed in online learning.
- Students will be taught the appropriate use and handling of face coverings while wearing or storing the coverings (e.g. during meals).
- Students will use face coverings provided from home. Site will provide face coverings from their supply of face coverings for students who are unable to or forget to bring their own face coverings.
- Additional PPE is available at each site, when necessary.

5. **HEALTH SCREENINGS FOR STUDENTS AND STAFF:** How students and staff will be screened for symptoms of COVID-19 including temperatures and how ill students or staff will be separated from others and sent home immediately.

Screenings for COVID-19 will include the following:

- All students and staff will be screened for symptoms each day before entering school grounds.
- Staff will complete the COVID-19 Non-Medical Employer Screening Tool, a copy of which is attached as Exhibit 5. Staff with any identified COVID-19 symptoms and/or a temperature of 100°F or higher will be sent home immediately until testing and/or medical evaluation has been conducted.

- Students will have symptom screening performed at home, and a second screening and temperature check upon arrival to school. Contactless thermometers will be available for screening teams and cleaned regularly. Staff will follow safety guidelines as outlined when taking student temperatures.
- All school sites have an identified isolation area with a separate entrance and staff in appropriate PPE to separate any student presenting with symptoms while on campus.
- Students with any identified COVID-19 symptoms and/or a temperature of 100°F or higher will be sent home immediately for 10 days or until testing and/or medical evaluation has been conducted. Students in the same household of a student would follow FCDPH requirements related to quarantining. Parents will be immediately notified if a student presents with symptoms while on campus and be required to pick up the child within 30 minutes, or sooner when possible. Students sent home with symptoms will need a COVID-19 negative test and 24 hours without symptoms to return to school less than 10 days from the start of symptoms. Students with symptoms will stay home for 10 days and be symptom free for 24 hours prior to returning to school.

6. **HEALTHY HYGIENE PRACTICES:** The availability of handwashing stations and hand sanitizer, and how their use will be promoted and incorporated into routines.

Healthy hygiene practices will be implemented, including the following:

- Every classroom and office space will be equipped with a supply of hand sanitizer. Hand sanitizer must be used upon entering the space.
- Regular hand washing will be scheduled into the school day, and classrooms without in-room sinks will be provided hand sanitizer.
- Soap and hand sanitizer will be restocked regularly in classrooms, bathrooms and common areas.
- Signage will be placed throughout campuses promoting healthy hand hygiene and hand-washing practices.
- Students will be educated on proper hand-washing and healthy hand hygiene in an age appropriate manner. District teachers and staff have received training regarding proper hand-washing and healthy hand hygiene.

7. **IDENTIFICATION AND TRACING OF CONTACTS:** Actions that staff will take when there is a confirmed case. Confirm that the school(s) have designated staff persons to support contact tracing, such as creation and submission of lists of exposed students and staff to the local health department and notification of exposed persons. Each school must designate a person for the health department to contact about COVID-19. A single person may be the designee for multiples schools.

STAFF: Refer to Supervisor Contact Tracing Process and Communication Plan and FCDPH Guidelines for COVID-19 Exposure Scenarios for Schools Scenario 5. A copy of the Supervisor Contact Tracing Process and Communication Plan and COVID-19 & Quarantine Guidelines are attached as [Exhibit 6](#).

STUDENT: Refer to FCDPH Guidelines for COVID-19 Exposure Scenarios for Schools, Scenario 1, set forth in FCDPH's latest version of Return to School: A Guide to Responding to COVID-19 Cases in K-12 School Settings, 2020-2021.

Each site's Health Office staff has been trained by the FCDPH in contact tracing and are designated as COVID-19 liaisons, to act as the communication point for all COVID-19 concerns. Responsibilities include managing and supporting contact tracing; assisting the site principal in notifying exposed persons; creating and maintaining a database of exposed students and staff; communicating with and submitting lists of exposed students and staff to the FCDPH.

8. **PHYSICAL DISTANCING:** How space and routines will be arranged to allow for physical distancing of six feet or more for students and staff.

Physical Distancing Space

In addition to steps listed in 3, Entrance, Egress, and Movement Within School, additional steps will be taken to allow physical distancing:

- All classroom and office spaces will arrange existing furniture to allow for appropriate desk spacing and physical distancing.
- Hallways and walking paths will have directional signage and spacing markers as appropriate.
- Outside activities will be limited, but proper spacing routines and common cohort meeting spaces will be designated for classes.
- Use of all facility space (MPRs, Libraries, etc.) will be accessed as needed to expand the "walls" of the physical classroom to maximize physical distancing of students.

Routines

Moreover, certain routines, including the following will be implemented:

- Arrival and dismissal routines and times will be created to eliminate long lines entering or exiting the buildings.
- Parent pick up and drop off areas will be designated, and parents will not be allowed to come onto campus to drop off students.
- Gatherings of staff and/or large groups will abide by the FCDPH guidelines for large gatherings.
- Meal pick-up routines will allow for grab and go meals.

9. STAFF TRAINING AND FAMILY EDUCATION: How staff will be trained, and families will be educated on the application and enforcement of the plan.

A complete communication plan related to educating staff and families on the District's plan for a healthy return to campus included and will continue to use multiple communication channels and messages. Video messages are translated into Hmong, Spanish, Arabic and American Sign Language, and printed documents are also available in translated versions. The District's websites are also available in multiple languages.

In addition to three virtual parent meetings- one in June 2020, one in August 2020 and one scheduled in October 2020 prior to onsite instruction resuming - staff members were and will be provided opportunities to pose questions to administration and public health officials first at a meeting September 24, 2020 as well as meetings in July and late September/early October 2020.

A comprehensive Return to School Health and Safety Plan has been developed (available: <https://www.cusd.com/BacktoSchool2020-21.aspx>) and will be communicated by email, the District and school sites apps and websites, video messages from the Superintendent delivered by email, website, local media and app push notifications, and individual site-based meetings for staff members and parents. The Plan discusses: (1) instructional options for families, (2) campus safety, (3) student and staff health, (4) preschool and before/after school programs, (5) school meals, (6) transportation, (7) a healthy workplace, and (8) students with special needs. The information in the Plan is continuously updated to reflect changing conditions and developments.

A video outlining the health and safety guidelines students and staff will follow will be produced and disseminated using the above-referenced channels. Each school site is planning a customized presentation for parent communities specific to a school in which parents and students are trained on the implementation of health and safety protocols on campus.

CUSD staff /employees

- COVID-19 Online trainings - All District staff have been required to and have completed the following three training regarding COVID-19:
 - How to Protect Yourself and Others.
 - How to Clean and Disinfect Your School.
 - Employee Acknowledgement - 2020-21 Return to School Health and Safety Plan.
- Self-monitoring health screening upon entry to all District facilities.
- Temperature checks will be conducted at school sites prior to students and staff entering the campus.
- Staff will be trained and supported by site and District administration on the enforcement of health and safety guidelines such as the wearing of face coverings by students and parents keeping their children home if they are exhibiting symptoms of illness.

10. TESTING OF STUDENTS AND STAFF: How school officials will ensure that students and staff who have symptoms of COVID-19 or have been exposed to someone with COVID-19 will be rapidly tested, and what instructions they will be given while waiting for test results. May refer to FCDPH School Scenario for guidance.

Students and Staff with symptoms of COVID-19 will be encouraged to seek guidance from their healthcare provider and follow their guidance for testing.

Refer to FCDPH Guidelines for COVID-19 Exposure Scenarios for Schools.

For additional details regarding the District's employee contact tracing and notification process, please see "A Healthy Workplace" webpage on the District's website, <https://www.cusd.com/COVID-19Personnel.aspx>.

11. TRIGGERS FOR SWITCHING TO DISTANCE LEARNING: The criteria the superintendent will use to determine when to physically close the school and prohibit in-person instruction. May refer to FCDPH School Scenarios for guidance.

All situations when two or more positive cases in a classroom, or three or more positive cases within a 2-week period on a school campus will be reviewed with FCDPH. Steps will be consistent with CDPH guidance. Consideration of classroom or school shutdown will occur on a case-by-case basis in coordination with FCDPH and consistent with CDPH guidance.

Refer to latest version of FCDPH school guidance, Return to School: A Guide to Responding to COVID-19 Cases in K-12 Settings, 2020-21.

All staff and students will remain knowledgeable, and practice instructional strategies and learning models utilizing distance learning in case a return to such a model becomes necessary.

12. COMMUNICATION PLANS AFTER COVID CASE OCCURS: How the superintendent will communicate with students, staff, and parents about cases and exposures at the school, consistent with privacy requirements such as FERPA and HIPAA. May refer to FCDPH School Scenarios for guidance.

In addition to following standard contact tracing and quarantine guidelines, if the District is notified of an employee or student who has tested positive, employees will be notified on a site or department level that a positive case has been reported. Template notifications have been developed that comply with FERPA and HIPAA and distribution as identified through contact tracing protocols will be coordinated through the District's Human Resources and Nursing Services offices.

The following process will occur in the case of a positive COVID test of a District employee:

- The employee with a positive COVID test or symptoms contacts their immediate supervisor. The employee should be sent home and advised to submit a FFCRA leave request through the District website [Human Resources page, https://www.cusd.com/HumanResources.aspx](https://www.cusd.com/HumanResources.aspx).

- The supervisor and employee identify those in close contact with the employee in the last 48 hours. (Refer to [COVID-19 Quarantine Guidelines](https://www.cusd.com/COVID-19QuarantineGuidelines) chart, <https://www.cusd.com/COVID-19NursingandHealthService.aspx>.)
- The supervisor contacts Plant Operations to request disinfection of the identified location by the district sanitation disinfection team.
- The supervisor contacts Nursing Department or site School Nurse for contact tracing to determine appropriate isolation period for employee and determine if any staff needs notification of close contact exposure.
- Director or principal sends two communications:
 1. To staff members that may have had close contact exposure as determined by contact tracing.
 2. To all site/department employees not exposed but are employed at the location for informational purposes.

13. COMMUNICATION BEFORE SCHOOL REOPENING: Communicate with parents, teachers and staff discussing your safety plans, and what to expect in cases of a suspected or conformed COVID case or outbreak at the facility.

Since July 16, 2020, the District has maintained and updated a portion of its website solely devoted to its Return to School Health and Safety Plan in place to mitigate the spread of COVID-19 (<https://www.cusd.com/BacktoSchool2020-21.aspx>). This website is continually updated and now includes the District's current return to campus plan. It has been and will again be shared with all staff and families by email, video message, and through the District's social media channels. In addition, issues of CUSD Today (a community newspaper mailed monthly into the households of every employee and family of the District) and 2 Minutes Today (a video blog emailed and posted online) have been devoted to the topic.

After each meeting of the District's Governing Board at which health and safety plans were or will be discussed updates are sent to all employees, with parents receiving messages from Superintendent Eimear O'Farrell with updates and resources.

Plans include descriptions of how the District is meeting health and safety guidelines, what schedules look like, and how contact tracing, isolation of ill students/staff, and notification systems would work in the event of a positive case on a campus.

Open meetings are held via the District's YouTube channel with health officials and District officials for staff, and a meeting for parents is planned for October 12, 2020. Earlier meetings were held this year on June 23, July 21, July 22, July 29, August 6 and September 24 at the District level to share plans and gather feedback. Additionally, every school site has held and will again disseminate information through presentations to local neighborhood school communities for staff and families. Recordings of these meetings are also available afterward for anyone who missed the original meetings.

ATTACHMENT C

**ATTESTATION REGARDING CONSULTATION WITH
PARENT AND LABOR ORGANIZATIONS**

This Attestation is submitted in accordance with the Fresno County Department of Public Health (FCDPH) communication of September 16, 2020, the California Department of Public Health's (CDPH) COVID-19 and Reopening In-Person Learning Framework for K-12 Schools in California, 2020-2021 School Year of July 17, 2020, and CDPH's guidance regarding COVID-19 and Reopening In-Person Elementary School Waiver Process of August 3, 2020.

I hereby attest that parent and labor organizations have been consulted and include the following:

1. Multiple meetings were held with and at which employee groups participated. Agendas and/or minutes are available. The employee groups included Faculty Senate, Classified Unit Business Support Senate (CUBSS), and California School Employee Association Chapter 250 (CSEA).
2. Every elementary school site held or has scheduled meetings with School Assessment and Review Teams (parents and staff); Faculty/All Staff Meetings, Faculty Senate, CUBBS, and CSEA meetings. Agendas and/or minutes are available.
3. Learning Continuity and Attendance Plan Advisory Committee, District Advisory Committee, and District English Learner Advisory Council were also held. Agendas and/or minutes are available.

Signature:  Date: 10/2/2020

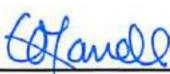

Eimear O'Farrell, Ed.D.
Superintendent

ATTACHMENT D

**CONFIRMATION REGARDING PUBLICATION OF
ELEMENTARY SCHOOL REOPENING PLAN ON DISTRICT WEBSITE**

This Confirmation is submitted to comply with the Fresno County Public Health Department's (FCPHD) communication of September 16, 2020, the California Department of Public Health's (CDPH) COVID-19 and Reopening In-Person Learning Framework for K-12 Schools in California, 2020-2021 School Year of July 17, 2020, and CDPH's guidance regarding COVID-19 and Reopening In-Person Elementary School Waiver Process of August 3, 2020.

I hereby confirm that Clovis Unified School District's Elementary School Reopening Plan was posted on the District's website starting on October 2, 2020 and remains so posted.

HEALTHY RETURN TO CAMPUS PLAN

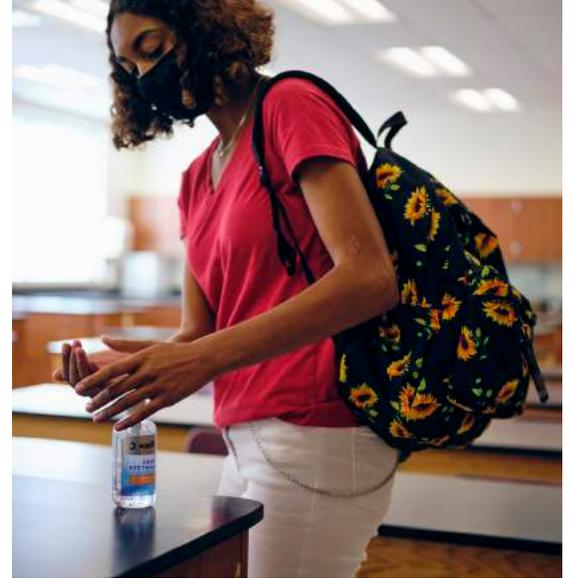

The documents that are attached is one part of the District's Healthy Return to Campus Plan. Detailed information and resources are on the District's website, which may be found at: <https://www.cusd.com/BacktoSchool2020-21.aspx>.

WHAT CAN I EXPECT... THE ROAD TO REOPENING

COVID conditions in Fresno County and around the nation are improving. With case counts and test positivity rates falling in recent weeks, **our community is nearing the time when a return to campus can safely occur for both students and staff.**

Families will have the choice between two learning options: Online Learning or On-Campus Hybrid Learning. Clovis Unified employees and leadership are **working together** to plan for the safe return of students and staff returning for on-site hybrid instruction, including:

- Practical implementation of **new health and safety** protocols
- **Instructional schedules** at the elementary and secondary level
- How **transportation and school meals** will be provided
- How students **move about campus**
- And other elements of the school day

A HEALTHY PATH BACK TO CAMPUS

Hybrid Schedule | Face Coverings | Physical Distancing
Increased Disinfecting | Temperature & Health Screenings and More

Getting kids safely back to campus is our first priority. Here's what a phased reopening will look like:

Under Current Guidance

- One-on-One Services
- Stable Cohorts
- Students with Special Needs
- Foster & Homeless Youth
- English Learners

Under Elementary Waiver

Elementary students will be able to return to campus in small groups with enhanced health and safety protocols in place.

County Conditions Met 14-Days at Tier II

Students grades 7-12 will begin returning to campus with enhanced health and safety protocols in place.

CLOVIS UNIFIED'S RETURN TO CAMPUS PLAN

FOR MORE INFORMATION ON THIS TOPIC, VISIT:
[CUSD.COM/BACKTOSCHOOL2020](https://www.cusd.com/backtoschool2020), SELECT "OUR STARTING POINT"

WHAT CAN I EXPECT...

HOW MY STUDENT WILL LEARN

These are unusual times, but our team of educators are up for the challenge. Clovis Unified is committed now, as always, to providing an excellent education for our students in mind, body and spirit.

When Fresno County guidelines allow for a return to on-campus learning, **parents will be given the choice** for their child to continue school online or participate in a hybrid-model that includes in-person instruction.

ONLINE LEARNING

Synchronous online learning will be adjusted as many teachers will be returning to in-person instruction. Updates will be communicated as plan adjustments are finalized. Flexible online will continue and any updates will be communicated by your home school.

ON-CAMPUS HYBRID LEARNING

Plans are being developed for in-person learning. The details of this learning model – schedules, staggered sessions and times – will be finalized once it is known how many students intend to return to campus.

A return to campus will include:

- Hybrid schedule, with a mix of on-campus instruction and at-home independent work
- Required face coverings and PPE
- Daily temperature checks
- Health screenings
- Social distancing
- Smaller class sizes
- Using every available instructional space
- Enhanced disinfecting of spaces
- Hand sanitizing upon classroom entry
- No on-campus visitors

BENEFITS

- **In-person instruction with classroom teacher**
- **Social emotional benefit of in-person peer and teacher interaction**

CONSIDERATIONS

- **Might have to change teachers**
- **Time with teachers is reduced**

CLOVIS UNIFIED'S RETURN TO CAMPUS PLAN

FOR MORE INFORMATION ON THIS TOPIC, VISIT:
[CUSD.COM/BACKTOSCHOOL2020](https://www.cusd.com/backtoschool2020), SELECT "INSTRUCTIONAL OPTIONS"

WHAT CAN I EXPECT... CLEANING AND DISINFECTING

SCHEDULED CLEANING ON A TYPICAL SCHOOL DAY

Before School

Disinfecting stations and supplies for classrooms stocked for the day.

Mid Morning

Disinfect all high-touch campus surfaces (door handles, countertops, etc.), bathrooms and administrative areas.

After Lunch

Disinfect Multipurpose Rooms, bathrooms and high-touch campus surfaces (door handles, countertops, etc.), bathrooms and administrative areas.

Afternoon

Disinfect all high-touch campus surfaces (door handles, countertops, etc.), bathrooms and administrative areas.

After School Ends

Deep disinfection of all classrooms, bathrooms and administrative areas using electrostatic backpack sprayers.

Schools will be **cleaned four times a day** using a disinfectant approved by the EPA that kills COVID.

- High-use surfaces will be cleaned regularly by **custodians**, and classrooms and offices will be fogged with a deep disinfectant treatment each evening.
- **Teachers** will be provided hand sanitizer and disinfectant for their classrooms.
- **Anyone** entering a classroom will be required to sanitize his or her hands.
- Desks and any shared classroom surfaces that **students** use will be disinfected by the teacher as needed.
- Bathrooms will be disinfected multiple times a day, and soap and paper towels will be replenished regularly. All **students** are expected to wash their hands after using the restroom.

COVID RESPONSE TEAM

The district has a special, on-call team trained on disinfecting practices as dictated by CDC should a student/staff member get sick in a classroom or test positive for COVID.

Disinfecting Details

Clovis Unified is using Oxivir, a hydrogen-peroxide-based disinfectant listed by the EPA as a COVID-killing product. It is safe around people and in the EPA's lowest level of hazard. Oxivir will be used at its virucidal concentration on a regular basis. The COVID Response Team would follow CDC safety protection protocols and use it at a higher concentration **in the event of an illness or positive COVID case** in a classroom.

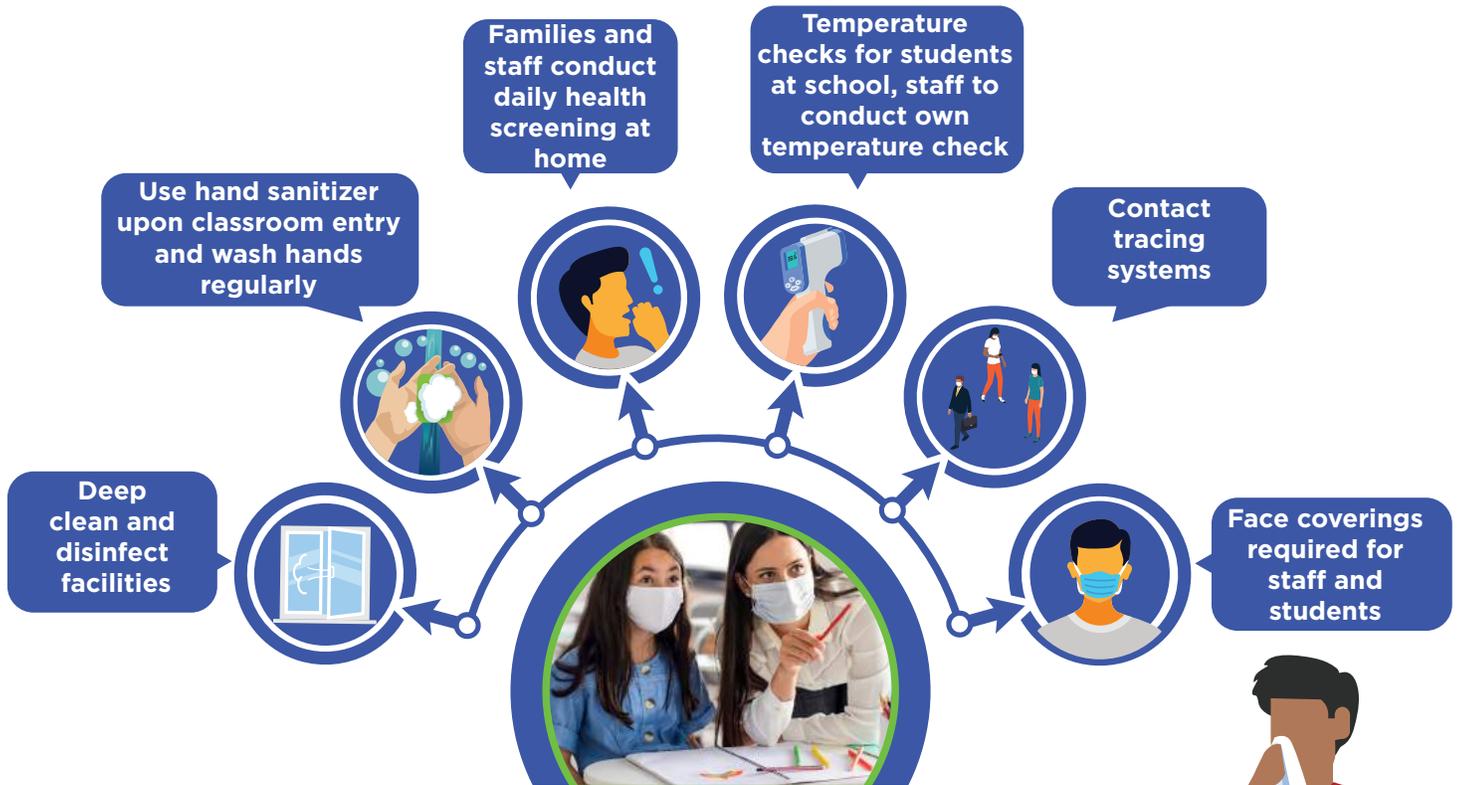

CLOVIS UNIFIED'S RETURN TO CAMPUS PLAN

FOR MORE INFORMATION ON THIS TOPIC, VISIT:
[CUSD.COM/BACKTOSCHOOL2020](https://www.cusd.com/backtoschool2020), SELECT "CAMPUS SAFETY"

WHAT CAN I EXPECT...

HEALTH SCREENINGS

In order to keep students and staff healthy, some things will look a bit different as we layer in extra health, sanitizing and hygiene steps into the school day.

If a child exhibits COVID symptoms

While at home...

Keep your child home if they have:

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

Source: (Fresno County Public Health Department, Return to School, 09/18/2020).

While at school...

- Student will be **moved to a sick child room** until parent/guardian can pick them up.
- Students in the sick child room will be **masked and socially distanced** while supervised by CUSD staff.
- Staff **with appropriate PPE** will be available to evaluate and assist students.
- The sick child room will be **cleaned and disinfected** after symptomatic student leaves.
- Student to remain home for **10 days** after showing symptoms AND after they have been fever-free for **24 hours**, without the use of fever-reducing medications.
- Student OK to return to school sooner **if negative COVID test AND symptoms have resolved** for at least 24 hours without the use of medication.
- Students living in the same household with a student presenting with symptoms and/or testing positive for COVID to remain out of school for **14 days** from last exposure and/or until such time as the student with symptoms is confirmed to be COVID negative and **symptom free**.

CLOVIS UNIFIED'S RETURN TO CAMPUS PLAN

FOR MORE INFORMATION ON THIS TOPIC, VISIT:
[CUSD.COM/BACKTOSCHOOL2020](https://www.cusd.com/backtoschool2020), SELECT "STUDENT AND STAFF HEALTH"

WHAT CAN I EXPECT...

CHILD DEVELOPMENT PROGRAMS

Clovis Unified values serving our community's needs. Preschool and Before/After school programs delivered by the Child Development Office are being adapted to continue serving families.

PRESCHOOL

CUSD hopes to provide on-site face to face instruction for preschool and online learning. Parents may choose whether their children return to campus or continue learning online.

AFTER SCHOOL ENRICHMENT AND SAFETY (ASES) PROGRAM

Sites who offer ASES are developing individual plans for their local programs. Those returning to in-person services will follow strict health and safety protocols.

- Daily health screening
- Temperature check
- Enhanced disinfecting, cleaning
- Individualized student supplies, areas
- Hand sanitizer use when entering room

For updates visit: cusd.com/ASESprogram.aspx

CAMPUS CLUB

Campus Club, the district's before and after school childcare supplemental program, will not be operating for public use while schools are conducting hybrid learning schedules and maximizing the use of campus spaces.

For updates visit: cusd.com/CampusClub.aspx

CLOVIS UNIFIED'S RETURN TO CAMPUS PLAN

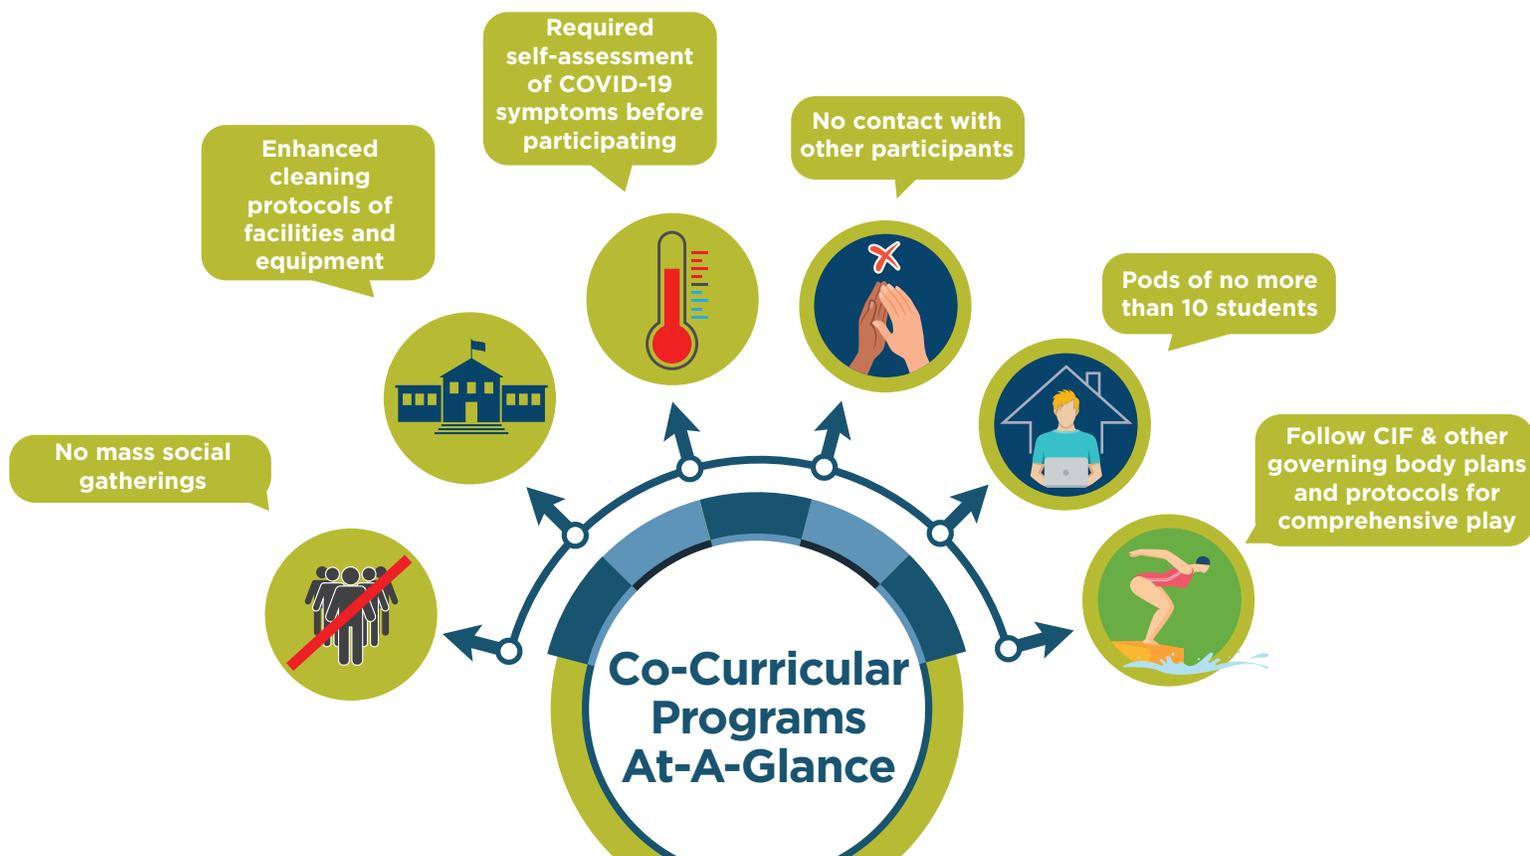

FOR MORE INFORMATION ON THIS TOPIC, VISIT:
CUSD.COM/BACKTOSCHOOL2020, SELECT "PRESCHOOL & BEFORE AND AFTER SCHOOL"

WHAT CAN I EXPECT...

SPORTS AND VISUAL/PERFORMING ARTS

Co-Curricular activities remain an important component of students' education. Modifications to how students participate in activities like sports, visual and performing arts, and career technological education, enable students to continue these pursuits.

Sports: Teams will follow the CIF modified season and conditioning practice with “Return To Play” guidelines established by Fresno County Department of Public Health.

Visual and Performing Arts: Colorguard, Dance and Band (no woodwind use) programs are meeting outside using the Sports protocols. Plans for other VAPA programs are under development.

Events and Activities: Follow current gathering guidelines.

Other Co-Curriculars: All other programs are working within current guidelines to deliver services to students. Schools will communicate details.

WHAT CAN I EXPECT...

SCHOOL MEALS

Clovis Unified will continue to deliver nutritious meals to students.

MEALS FOR ONLINE STUDENTS

Grab-and-go meals as part of the National School Breakfast and Lunch Program are available for pickup at **no cost in a drive-thru format from 7 to 9 a.m. weekdays at designated school sites and bus stops** for children ages 1-18. Students do not need to be present and ID cards are not required. The updated list of pickup locations can be found at cusd.com/campuscatering.aspx.

MEALS FOR STUDENTS ON CAMPUS

Grab-and-go meals as part of the National School Breakfast and Lunch Program will be available at no cost. Students may bring their own meals to school. Onsite lunch practices may include:

- Staggered lunch times (elementary) or an increased number of lunch periods (secondary) to spread out students
- Designated lunch areas outside
- Designated lunch areas in assigned classrooms or cafeteria during inclement weather
- Social distancing to the extent possible
- Hand sanitizer for student use before and after lunch

CLOVIS UNIFIED'S RETURN TO CAMPUS PLAN

FOR MORE INFORMATION ON THIS TOPIC, VISIT:
CUSD.COM/BACKTOSCHOOL2020, SELECT "SCHOOL MEALS"

WHAT CAN I EXPECT... TRANSPORTATION

Safely delivering students to and from school remains the Transportation Team's No. 1 priority.

If possible, **families are encouraged to make their own transportation arrangements** for their students to limit the number of students riding school buses. For those needing to use the district's optional bus service, reducing risk for students and drivers will require:

- Disinfecting bus surfaces and seats between routes
- Windows open, weather permitting
- Drivers wearing PPE equipment
- Passengers using provided hand sanitizer upon entering bus
- All students wearing face coverings
- Bus filled from back to front or as needed by bus stop location
- Social distancing to extent possible

Details and updates: District Transportation Department, 327-9701

REGISTRATION IS REQUIRED

Registration must be completed for all qualified students at <https://maps.cusd.com/transportation>. All students must have a bus pass to board the bus when on-site instruction resumes. Bus passes for registered students will be available for pickup at the CUSD Transportation Office at 1490 Herndon Ave., Clovis.

Please contact the CUSD Transportation Office with any questions from 7 a.m. to 4 p.m. Monday through Friday at 327-9701,

CLOVIS UNIFIED'S RETURN TO CAMPUS PLAN

WHAT CAN I EXPECT...

MY STUDENTS WITH SPECIAL NEEDS

Clovis Unified has started **limited in person instruction and on-site assessments** for Special Education students. Safety considerations and protocols have been established with the guidance of public health officials and medical experts to accommodate our special education students' return to campus for both students and employees.

HEALTH & SAFETY PRECAUTIONS

- School personnel works closely with families of students who are immunocompromised regarding specific needs when returning to school.
- Some students will require an updated doctor's note stating it is safe for students to return to school.
- Face coverings are required for all students and staff.
- Parent acknowledgement of daily health screening prior to sending student.
- School Nurse will coordinate contact and any updates.
- Staff provided with face coverings which are most conducive to addressing specific student needs.
- Staff provided with gloves as appropriate.
- Staff requiring closer proximity for medical procedures will be provided additional PPE.
- Services delivered with adherence to the wearing of facial coverings, social distancing as practicable, increased hand washing and sanitizing.
- Daily health screenings and temperature checks to be conducted by staff for programs with medically fragile students.
- Plexiglass shields utilized during student assessments.

OPTIONS FOR LEARNING

- The traditional model will be available in a manner that meets current social distancing guidelines.
- Instruction for students will be developed and implemented consistent with applicable laws.

CLOVIS UNIFIED'S RETURN TO CAMPUS PLAN

[CUSD.COM/BACKTOSCHOOL2020](https://www.cusd.com/backtoschool2020), SELECT "STUDENTS WITH SPECIAL NEEDS"

EXHIBIT 4

PHOTOGRAPHS OF SAMPLE CLASSROOM SETUPS AND SIGNAGES

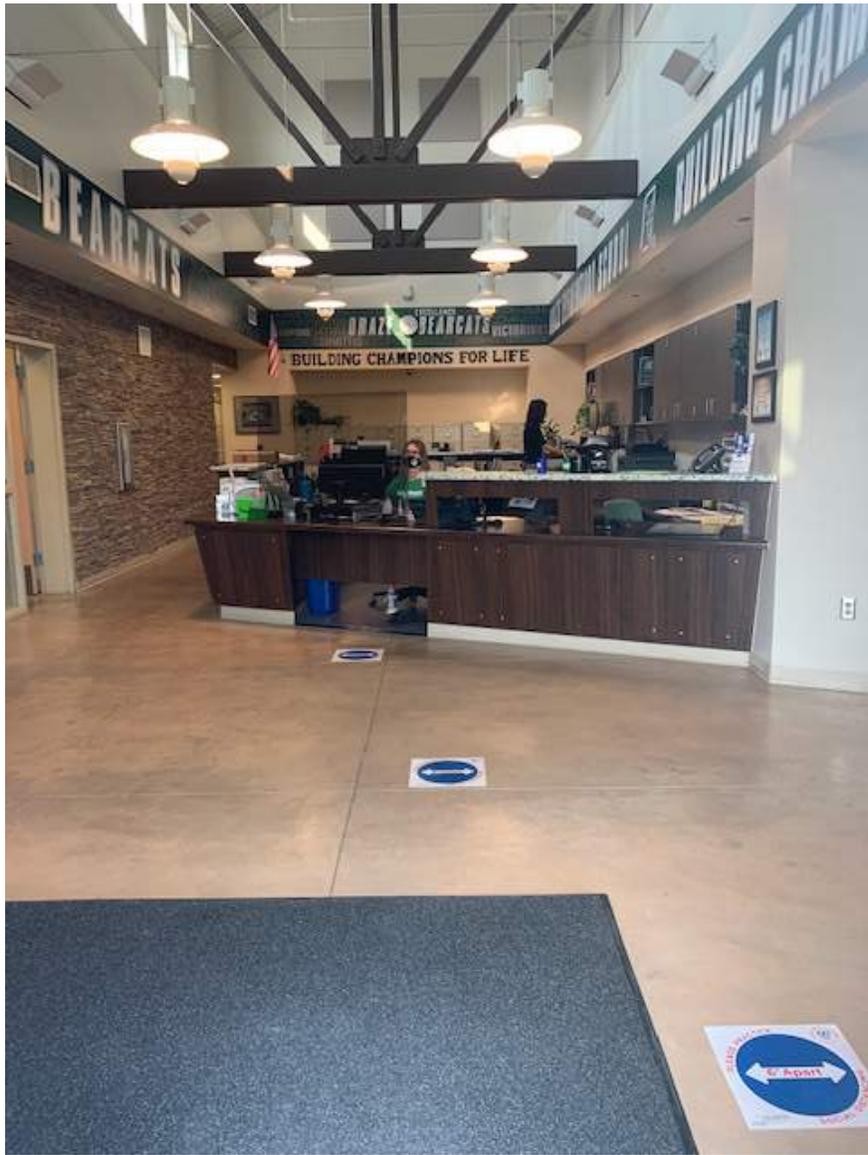

EXHIBIT 5

COVID-19 NON-MEDICAL EMPLOYER SCREENING TOOL

COVID-19 Non-Medical Employer Screening Tool

All Clovis USD employees who are reporting to work in-person and all Volunteers are required to "self-certify" by answering the questions below prior to entering their assigned CUSD work location:

1. Feeling fever, body aches, diarrhea, vomiting, nausea, or chills?	YES or NO	If yes → go home
2. New or worsening respiratory symptoms? (Shortness of breath, cough, runny nose, sore throat, or loss of taste and smell)	YES or NO	If yes → go home
3. Has anyone in your household been confirmed or have you had close contact with anyone diagnosed with COVID-19 in the past 14 days?	YES or NO	If yes → go home

If the employee answers "yes" to any of the questions, they need to inform their supervisor and go home.

If answered YES with symptoms:

Isolation until the following requirements have been met:

- a. At least 10 days have passed since symptoms first appeared **and**
- b. At least 1 day (24 hours) have passed since last fever (without the use of fever-reducing medicine) **and**
- c. Other symptoms (e.g. cough, shortness of breath, body aches, etc.) have improved

YES to ONLY question 2: If symptoms are secondary to underlying disease (such as allergies or asthma) and not worsened compared to baseline, then employee can report to work. If symptoms in question 2 are NEW, employee needs inform their supervisor and go home.

**SUPERVISOR CONTACT TRACING PROCESS AND COMMUNICATION PLAN
COVID-19 QUARANTINE GUIDELINES**

Supervisor Contact Tracing Process and Communication Plan

The employee with a positive COVID test or symptoms contacts their immediate supervisor. The employee should be sent home and advised to submit a FFCRA leave request through the District website Human Resources page.

The supervisor and employee should identify those in close contact with the employee in the last 48 hours - Refer to COVID-19 Quarantine Guidelines chart.

The supervisor contacts Chris Petty, Director Plant Operations to request District sanitation disinfection team to clean the identified location.

The supervisor contacts Jeanne Prandini, Director Nursing, or site School Nurse, for contact tracing to determine appropriate isolation period for employee and determine if any staff needs notification of close contact exposure.

Communications to be sent by Director/Principal

Communication A is sent to staff members that may have had close contact exposure as determined by contact tracing.

Communication B is sent to all site/dept. employees for those not exposed but are at the location, for informational purposes.

The employee that tests positive and anyone that is required to self-isolate may submit an FFCRA leave request through the District website Human Resources page. Questions regarding leave options can be directed to Human Resources.

These communications should only be sent by a Director/Principal

Communication A

Send to staff that has close contact, possible exposure

Our office received information that one of our employees tested positive for COVID-19. We alerted Jeanne Prandini, Director, Nursing Services, and our School Nurse, who consult with the Health Department for contact tracing and anyone who may have worked with this individual.

You are being informed because you may have had possible exposure to this individual. The risk to anyone exposed to this individual is very low, if everyone was following District protocols, social distancing, and everyone was masked.

I understand this is concerning. Please know that the individual is now in isolation for the required days as determined by the Public Health Department. Our workspaces are being disinfected daily by our Custodial sanitation disinfection team and you are safe to return to your work location. Diligent attention to social distancing and masking practices have brought the level of exposure significantly lower. Thank you for following these safety guidelines and self-screening every day.

If you have any concerns or symptoms, please contact your health care provider. Thank you for your dedication during this challenging time.

Shareen Crosby, Benefits

Communication B

Send to all employees not exposed, but at the location for informational purposes

We are informing you that a positive COVID case was brought to our attention that involved a staff member at our location. Please know that the individual is following the Public Health Department's isolation guidelines. The identified workspaces have been additionally disinfected by our Custodial sanitation disinfection team and the proper contact tracing has taken place.

Staff that may have had close contact exposure have been informed in accordance with contract tracing guidelines. Attention to social distancing and masking practices have brought the level of exposure significantly lower. Thank you for following these safety guidelines and self-screening every day.

If have any questions regarding the situation, please contact your Principal or Director. Thank you for your dedication during this challenging time.

Developed in collaboration with Fresno County Department of Public Health

DEFINITIONS

- Isolation separates infected people with a contagious disease from people who are not sick.
- Quarantine separates and restricts the movement of people who were exposed to a contagious disease to see if they become sick.
- Close Contact defined as anyone who was within 6 feet of an unmasked infected person for at least 15 minutes, starting from 48 hours before the person began feeling sick until the time the person was isolated.
