

Virtual Consult FAQ

A new teledentistry solution for real-time dentist consultations

1. What does it cost for my company to use Virtual Consult?

Virtual Consult is available at no cost to employer-sponsored groups.

2. What is the cost for my employees to have an appointment?

Members who have coverage for oral evaluations are eligible to use Virtual Consult as a covered benefit. Diagnostic screenings within the platform are covered as a Limited Oral Evaluation (D0140) and do not count as one of the diagnostic exams for the year. There is no additional cost to use the platform. Most employer-sponsored Delta Dental plans cover diagnostic exams at no or low cost. Members will be billed by the provider for any fees, copayments or coinsurance amounts due for services that aren't covered.

Yes. Members' eligible dependents on their plan can use the platform. Child dependents may be added to the primary enrollee's account for visits on Virtual Consult. Adult dependents may register themselves and will need their primary subscriber's ID number to create a new account with a unique email address.

Yes, Virtual Consult may be used to evaluate dental issues.

6. How do I find an in-network dentist on the platform?

Your Account Manager will provide you with an optional marketing kit with flyers, an email template, video and other marketing assets you can use to promote Virtual Consult to your employees. We highly encourage you to use these materials, but at this time Delta Dental cannot support any custom edits.
