

Clovis Unified School District
2021-2022 PROFESSIONAL DEVELOPMENT NEEDS
ASSESSMENT INTERMEDIATE – HIGH SCHOOL
PRIVATE SCHOOLS

By choosing to participate in receiving equitable services you agreed to comply with program requirements including the development of reports as mandated by the programs in which you are participating in. All schools will conduct and complete an annual CUSD Staff Needs Assessment and CUSD Program Evaluation. Each year a Professional Development Needs Assessment is used to determine professional development needs at each school site and at the district level. In addition, we conduct the annual survey with our private schools. This information and results are tabulated and discussed at our consultations this year. The information is also used to gather information for future professional development and district trainings. Your individual input is a valuable part of this important process and assists with the design of professional development opportunities that reflect your professional needs. Your school site will provide information on the turn-in process. **All assessments are due to the CUSD Department of Supplemental Services by Friday, March 4, 2022**
